Our Aim

With over 50 years' combined experience helping our clients realise their travel dreams, our mission is to give you the most enriching and stress free travel experience possible.

“ share your experiences and aspirations with us ”

What are the benefits of membership?

- Free advice
- 'Invitation only' events
- Industry guest speakers
- "Welcome Home" voucher
- Exclusive 'flash sale' cruise deals

What's a travel club?

Inverloch Travel Club is free to all Inverloch residents. It is a place for like-minded people interested in travel, to come together to share with us your experiences and aspirations of where you have been and where you would like to go next.

Whether it be your favourite coffee shop or in the comfort of your own home, we are mobile, and are happy to meet you anywhere during business hours.

We can also be found at the Inverloch Community Hub, providing free advice and

information to our members. Just call, email or check our Facebook Page for our schedule.

As we gauge the interests of attendees we will host afternoon or evening information sessions, with speakers from different travel backgrounds, to talk to and share with our members their products and passions for their chosen specialties.

Representatives from travel companies and cruise lines will showcase their products and opportunities available for those who love to travel, and at the same time we will be available to discuss your individual holiday requirements.

The benefits of a personal travel manager?

Save time

We'll happily come to your home or work (or even your favourite café) to plan your trip. And we're always just a phone call or email away.

Save money

We've got great partner agreements with all the major international and domestic travel providers. And without the overhead costs that regular travel agencies have, we can afford to offer competitive rates.

We've got your back

No two trips are the same. So if something unexpected happens while you're away, we are on hand 24/7 to help sort everything out.

We go the extra mile

The relationships we build with customers are just as important to us as the trips we send them on. So when you use a personal travel manager of your own, you can be certain you're in good hands.

Peace of mind

Whether travelling for business or pleasure, it's important you feel confident in handing over your hard-earned money. At TravelManagers we guarantee to provide complete financial security while your money is in our hands.

“ a place for like-minded people interested in travel ”
